

Meet our Professional Staff

CAROL PFEILSTIFTER, PTA, LAT

I am an accomplished clinician in sports medicine outpatient and inpatient physical therapy, with an emphasis in orthopedic rehabilitation. I am certified in CPR.

I am a 1996 graduate of Northeast Wisconsin Technical College earning an Associates Degree as a Physical Therapist Assistant. In 1993, I earned a Bachelor of Science Degree from the University of Wisconsin Oshkosh as a Licensed Athletic Trainer.

With 14 years of physical therapy experience, I have collaboratively utilized my Licensed Athletic Trainer and Physical Therapist Assistant degrees to specialize in back, shoulder and knee dysfunction. My emphasis has been with a vast age population from childhood sporting injuries to middle age joint dysfunction. I have been significantly involved in wellness programming with geriatric neurological and orthopedic impairments.

I promote overall wellness with each individualized treatment approach. I feel that feeling good starts with a healthy and active lifestyle. I mirror that to my patients through encouragement and support, while challenging them to their highest level of capability.

Outside of my work, I enjoy long distance running. I am an avid golfer and appreciate outdoor activities with my family.

244 North Macy St.
Fond du Lac, WI 54935

Office Hours:
Monday - Friday
7:00 a.m. - 5:00 p.m.
