

Meet our Professional Staff

ELIZABETH GARR, SLP

I am a 2008 graduate of the University of Wisconsin-Stevens Point, with a Master of Science degree in Speech-Language Pathology. I am also a member of the American Speech-Language-Hearing Association.

I have experience working with individuals of all ages, but take special interest in the geriatric population. My chief areas of interest, within the field of communicative disorders, include neurogenic communication impairments and dysphagia.

I view the implementation of individualized and functional plans of treatment with my patients, along with ongoing patient, family and caregiver education, as vital for the rehabilitation process.

In my free time I like to bake, go to sporting events, play games, garden and spend time with my friends and family.

244 North Macy St.
Fond du Lac, WI 54935
